Dear Sirs,

Recently we chose our kitchen tiles from your Showrooms and asked for a recommended tiler to do the work, you sent along Lee Spicer.

It is our pleasure to inform you how delighted we are with the finished work also our kitchen fitter came to look & now wants to photograph the room for his portfolio.

As for Lee himself, what a lovely man, a wonderful personality; his attention to his work and helpful advice/suggestions as to where the accent tiles should be placed & how to treat awkward places, you couldn't have sent anyone better to do a first class job.

With many thanks,

Yours faithfully

G. F. Williams + W. T. McCartney
